Booth 216
GOLD SPONSOR
www.red-on-line.com
212-213-4356

Red-on-line is a global EHS consulting and software firm that helps clients understand and comply with EHS requirements in a changing regulatory environment. Red-on-line solutions support industrial sites in their EHS audit programs, sustainability initiatives, and their OHSAS 18001, ISO 14001 & ISO 50001 objectives. With global coverage in over 70 countries, our multilingual team of EHS experts can help you understand your EHS requirements, track and maintain compliance on user-friendly software, manage risk, and meet sustainability objectives in diverse and changing regulatory environments. Red-on-line brings together EHS content, consulting, and software to provide clients with a high-quality EHS compliance solution. Our services are used by Fortune 500 clients at over 5,000 sites and by more than 15,000 users worldwide.

Redshift Technologies Inc.
Booth 125
www.redshift-tech.com
212-683-8993

Redshift provides customizable EH&S software, integration, and environmental risk assessments. Examples include compound profiling, impact assessment, materials management, HazCom portal, SDS authoring and management, industrial hygiene, labeling, emissions tracking, inventory management, action tracking and auditing, expert systems, and corporate metrics reports and dashboards.

regAction
Booth 126
www.regaction.co
713-623-5099

regAction® has EHS workflows built-in for a "Load and Go" approach, providing strategic information and quicker deployments. regAction is a "fit for purpose" solution. Our EHS subject matter experts assist beyond the scope of your immediate EHS solution needs. Allowing you to grow your compliance and sustainability activities with one integrated solution well into the future. regAction provides 20+ modules, mobile capabilities, and reporting tools covering all facets of EHS compliance in one integrated solution.

RegScan
Booth 226
www.regscan.com
570-323-1010

With a dedicated staff of experts in three U.S. states and Washington D.C. and an ever-growing network of in-country resources, RegScan can always be counted on as a trusted resource for up-to-date regulatory information and alerts – from every corner of the globe. Use the RegScan One platform to create custom Legal Registers and Audit Protocols for more than 140 jurisdictions, and have your content exported via web service to any online environmental management system.

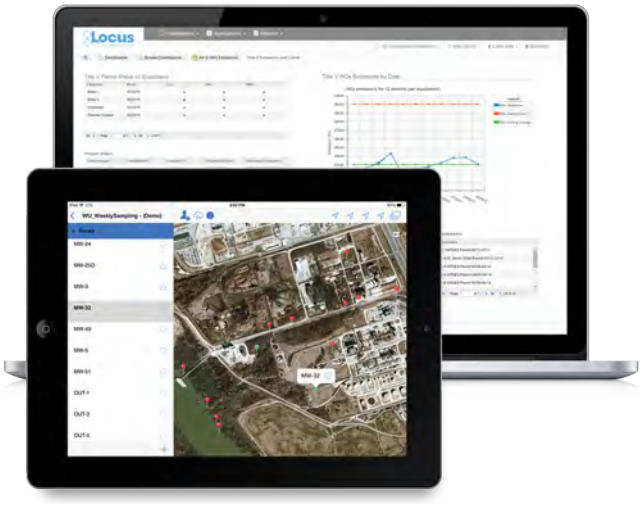
Locus TECHNOLOGIES

Visit us at Booth #311
locustec.com

Minimize risk and make better decisions with true multitenant cloud EHS+S software.

Imagine all your EHS compliance & sustainability initiatives— automated, consolidated, and constantly accessible in the cloud.

Take control of your EHS+S data with powerful, built-in dashboards and reports for analytical data, H&S, waste, GHG, sustainability, and incidents. Or design the perfect workflow to meet your business needs with our build-your-own-app platform.



Organize your Environmental Information in the Cloud
